Hey there! I'm Tori.

I CAPTURE THE LITTLE MOMENTS
OF MAGIC IN YOUR BIG DAY

I'm Tori (she/her), I'm a travel loving, metaphorical plate-spinning wife & Mum who laughs at inappropriate things.

You'll often find me eating my kid's chocolate while wearing a Comfy (which can only be described as a hoodie for a giant!) and binge watching shows aimed at teenagers on Netflix.

When I've got my grown-up hat on, I'm an award winning photographer based in St Albans, travelling the country photographing love-filled, happy weddings.

People describe me as easy-going and friendly. Couples that were nervous about the camera, tell me afterwards it was like hanging out with a buddy rather than hiring a photographer.

WOW WOW WOW!!!!

They are unbelievable, just stunning. We are so delighted with them, thank you sooooo much!

I can't stop looking at them!
Family agree – just wonderful!

- Charlotte + Liam

MY VALUES

1. TOP NOTCH EXPERIENCE

You need to feel like your hand is being held every step of the way and that everything is taken care of when it comes to your photos and I put everything into making sure you have that peace of mind as you enjoy your wedding planning. Read my [inclusivity statement](http://www.torideslauriers.com/inclusivity-statement) for more: www.torideslauriers.com/inclusivity-statement

2. RELATIONSHIPS ARE CENTRAL TO LIFE

Relationships are everything to me. Those in my life are the driving force behind everything I do. We're social creatures; meeting different people and being known by others is wonderful. Being around couples in love is the biggest privilege I get in my job and it's by developing those trusting relationships with you that I get to then create photos that will stand the test of time.

3. FUN, FUN, FUN!

I live for fun. I spent most of my 20s living out of a backpack every chance I got - I love an adventure! Granted with a young child, my adventure is more a spontaneous picnic than drop everything and fly to Europe these days! If you're the same and you're off to get married on a cliff edge or eloping to Vegas then hell yeah I'm up for that party!

4. SUSTAINABILITY & RESPONSIBILITY

We all have an impact on the world around us. Just like marriage, I believe we need to put others first and I dedicate a lot of time to others; charity, my son's PTA, trying to make our home more environmentally friendly and many other endeavours. Rest assured that every step towards your day will be as minimally invasive on the planet as possible, as will the products I leave you with.

Engagement shoots

WHY HAVE AN ENGAGEMENT SHOOT?

It's great to get your camera nerves out of the way before the big day, have an hour away from wedding planning and help us get to know each other better. This means I'll really be a friend with a camera on your wedding day rather than a stand-offish photographer leading to more relaxed, natural photos!

HOW DOES IT WORK?

It's super easy; we find a location and take some photos. It's gentle guidance from me which we then call on again on your wedding day (see how it leads to more relaxed wedding photos now?!). You get the hi-resolution files which you can use for guest signing frames, save the dates or just decorating your pad!

Before the big day

WE WILL: have an online chat to make sure I'm the right photographer for you, and if you want to go ahead you sign some T&Cs, pay a deposit and the date is all yours. Whoop!

I WILL: be around for any questions you have and send you various information that will be useful to you in the planning stages such as what to ask your officiant and how to plan your group shots... I'll also send you a comprehensive questionnaire so that I have every possible bit of info for your day and we'll have a call to chat through your plans too.

YOU WILL: have absolutely nothing to worry about when it comes to your photos!

On your wedding day

THE MORNING: You kick back and get ready and I'll capture the nervous anticipation of getting ready with your attendants. I'll photograph in a documentary way so you just carry on with life as normal (as normal as a wedding morning can be!) and I'll take care of the rest.

THE DAY: Ceremony, drinks, guests, group shots, couple shots. We'll get all the gold in there. The majority of the day will be very unobtrusive coverage - you'll obviously be aware of me for group shots and couple shots though, no way to photograph that without some input!

THE EVENING: Speeches and dancing - I love this bit! I can throw some dodgy dance moves with the best of them so I'll be right in there with you getting all that dance floor action captured!

After your wedding

IT'S HARD BUT: Good things come to those who wait!

Your wedding images will take about six weeks for me to edit and deliver to you. I'll send you a little sneak peek in the meantime to keep you ticking over, but it's super important to me that your photos are perfect before you see them and that takes time. They'll be available for you in a private online gallery.

ALBUM DESIGN: I believe that we all deserve tangible products and believe me your photos pop when they are printed. Once you've invested in photos they deserve more than languishing on a hard drive. I'll send you over a mockup of your wedding album for you to sign off or have a round of edits and then you'll get your gorgeous album about six weeks later to enjoy for years to come...

Albums

YOUR ALBUM BECOMES YOUR LASTING MEMORY

You want your memories to be more than pixels which is why I make sure you have a beautiful, bespoke album to keep your memories in. They are hand made in the UK which keeps my carbon footprint low and you get to pick all the options like your cover material so they're really one of a kind!

OTHER WAYS TO DISPLAY YOUR ART

If you have a favourite image from your day I can also help you with wall art to make sure you're hanging your pictures loud and proud!

Your online gallery will also include the option for family and friends to purchase colour corrected, archival prints from a professional lab, should they wish to.

What others say...

Thank you doesn't begin to cover it...how you manage to combine professionalism with such a friendly relaxed attitude I will never know but you made the day so easy and provided us with some beautiful memories that will last us a lifetime. Thank you for everything and for being part of our wedding day! xxxx

- Kirsten & Adam

To say that we barely noticed Tori on the day is the biggest compliment I could offer. Tori managed to capture all the wonderful moments we hoped for; natural, artistic and effortless without us ever feeling she was hovering around or that we were being told to pose. Our photos reflect us enjoying what was the best time of our lives and Tori really understood how to achieve that.

- Niki & Joe

Tori's presence on the day was very subtle yet when we looked back over the photos we are stunned at how much of the day she managed to capture so beautifully. We have recommended Tori to friends planning weddings and other such events and will continue to do so!

FAQS

WE HATE HAVING OUR PHOTO TAKEN!

OK, not a question but I hear this all the time. We all do!

Let's get an engagement shoot in the diary and get you relaxed in front of my camera.

Fret not, either way, my style is super relaxed and I'll gently guide you through couple photos. The rest of the day I'll just be capturing how your day unfolds so you don't need to pose or act for the camera :)

CAN YOU HOLD MY DATE?

Let's chat and see if we're a good fit for each other first and foremost.

I'm happy to keep you posted if I get another enquiry for your date but it's first come, first served on who pays a deposit for the date as I often get multiple enquiries for the same day.

DO YOU DO DISCOUNTS?

If you think I'm the right photographer for you, I'm happy to chat and see how I can help within your budget, for example shorter coverage. But, to be fair to my other wedding couples, I don't discount the same service I offer to others at the price they've paid.

WHAT IF IT RAINS ON OUR BIG DAY?

Keep smiling and don't worry about it. It's supposed to be good luck doncha know!

We'll still find great places for photos so enjoy your day.

Even rain can't wash genuine smiles and happiness away!

If you want to head outside anyway, I'm all for it, let's grab a white brolley and go!

DO YOU DO A NUE VISIT?

No. I love to get to know you both before the day, but I'm confident without seeing a venue in advance. Venues don't look the same on different days because of the light or in different seasons so even doing a venue visit doesn't give me much insight – I'm happy to get my inspiration on the day!

Congrats again!

I hope that the wedding planning is going well and this information has helped you decide if I might be a good fit for your day. Why don't we have a no obligation natter and you can tell me all about your day so far. Reach out on the details below and let's natter!
